RPC

- Griffin verified that Office of Financial Aid is on board with RPC's plan
 - Will be able to provide Ryan with information on financial aid priority
 - Can give variety of information like Pell Grant, eligibility for financial aid, high/medium/low need from CCL
- Not enough members to vote on it, but general feel is that this is aligned with our purpose and increases accessibility

SWE

- Pretty small scope

RAMHA

- Seems accessible
- Do we want to stipulate that they don't spend on gifts?
 - If it's Rice professors that's fine
- But also \$ is \$ → just because it's earmarked for this, going generally into this event

Navigators

- Not comfortable funding service trips
- Not really benefiting the student body beyond those 6 students

American Red Cross

- Seem to have copied over a SAPP fund application
- Question is whether or not they already received SAPP → need to revisit

Basmati Beats

- Funding for travel to Pittsburgh
- Also only benefits the members of the team
