Society of Women Engineers

- Can't vote, but kinda agree it's not open to more than 20 SWE and not likely to be funded

BSA

- Not a new program. Would likely be a good candidate for SAPP, recommend they submit to SAPP fund by March 22
- Table until next week. Not sure about giving them money to cover everything while they are charging for tickets. Cool with them charging non-Rice folks, but not Rice students. Event is on a Friday. Could end up funding a fund raiser for them.

Bollywood Dance Team

- Wondering what exactly the money would go toward. Asked via technology for clarification

Basmati Beats

- For travel expenses out of town to a competition

American Red Cross

- Alex came in, reached out to Anita and Rohan to try to make quorum
- Event is Saturday
- Maurice asked who we prefer funding, this or BSA

Transition document

- Maurice is going to create a document. Would like us to add in best practices and ideas for the future BTC.
